Wants Better Pay for Jurors.

General Prosperity has come. We all know who he is, who brought him and where he came from. The president and every national officer has permitted his salary to be increased; and on down the line to the officers of the State and county. All kinds of skilled labor, mechanics and even the plow boy, who once came at sun rise and left at the setting, at 50c per day, is now a 9 o'clock scholar with board and \$1. Statistics report an increase in cost of general living of 46 per cent., and to meet this increased expense a simultaneous increase in wages of from 50 to 200 per cent. The two classes who have not been beneficiaries of this raise in wages but who contribute to their respective shares of the 46 per cent. are the school teachers and the jurymen. "Since the mind of man runneth not to the contrary," the jurymen does business at the same old stand and at the same old price. He is flattered with the privilege of getting up at 3 o'clock in the morning, staggering around in the dark to do his chores—all the same if it is hot or cold, rain or shine, while his wife gets out of a sick bed and gets a snack. Then he drives from five to 15 miles to court, pays 35 cents for livery, 35 cents for dinner exclusive of the trimmings, leaving \$1.30 for self, horse and buggy and feeds himself. At 9 o'clock he gets home and by 10 his work is done and he is ready for a nap. Next day he repeats this and for two or three weeks continues his trips to court. When he finally goes home with his cash to contribute his mite to the 46 per cent. the board of equalization meets and he is cited to appear and show cause why his property should not be doubled in value, to meet increased expenses of increased salaries and general expenses. While his tax has been doubled he is reminded that his tax rate has been reduced 2c on the \$100. I can't understand how it is that if your house is worth \$100 and the board raises it to \$200 the value of the house is changed. It has been said that a juror ought to be patriotic enough to serve for nothing; others say he is well paid. (What about the patriotism of the other officials?) But those who offer such solid comfort are the ones who would lose from \$5 to \$10 per day to neglect private business and serve at \$2; hence they never serve, but get it off on their neighbors. Then too, he is a good, stiff tax payer and thinks expenses are already too high and the juror is supposed to stand for all the patriotism and economy and the only person he can stand it is because he does a wholesale business and monopolizes the trade. I can see no injustice in allowing the juror \$3 per day for his service, the same as allowed to the magistrates and members of board of equalization. By so doing he would at least be standing on the steps of the band wagon. The Boyle county grand jury says "Me Too." What say our Representatives?

MATRIMONIAL.

Alvin Thomas and Miss Kittie Hurt, both of Garrard, were made one at Lancaster.

W. M. Frye, a widower of 31, and Mrs. Artie Chasteen, 41, were made one on the 19th.

James Oliver Smith and Miss Bessie Spangler, both of the East End, were married this week.

Mrs. Mollie Saunders, aged 11, who married at Bowling Green on Feb. 5, is suing for divorce. She met her husband two days before her marriage.

Randall C. Coffey, junior member of the enterprising firm of Hunn & Coffey, of Moreland, was married Tuesday to Miss Sallie Myers, the charming daughter of Mr. John D. Myers, also of the West End. Rev. Price T. Smith performed the ceremony, after which Mr. and Mrs. Coffey left for Louisville to spend a week. We have not the pleasure of the acquaintance of Mrs. Coffey but we do know "Randall" and further know that he is all right in every particular, and we join his host of friends in wishing him and his bonnie bride long lives filled with genuine happiness.

If I had half a million plunks
By true and actual count,
and
Stocks enough to fill two trunks,
With bonds to like amount,
and
Could I but take of stocks my pick
In making up my list,
then
I feel that I might cease to kick,
And be an optimist!

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at Penny's Drug Store. 25c.

MIDDLEBURG.

Mesdames Laura Lee and W. J. Godby attended church at Liberty Sunday. There will be preaching at the Baptist church Sunday by Rev. W. G. Tilford.

John Bates, late of Somerset, has rented the Tilford property on Lynn street and will move to it in a few days.

Rev. U. G. Willis baptized a number of persons in the river here Sunday. They were converts of the Methodist meeting, which closed a week ago.

Mrs. Martha Lanham, wife of Albert Lanham, is dead. She had been in bad health for a year or more and her death was not unexpected. She leaves a husband and two children.

Sharp & Jones is the style of a new cross tie firm here. It has not been long in the field but is composed of the "stuff" that moves things and we predict for them a profitable career in the business world.

E. E. Kelsay has sold his house and lot and stock of general merchandise at Yosemite to Jason Coffey and will go to Burnside and open a drug store. Mr. K. has been in business at Yosemite for the last 20 years and that town will not look like itself without him. Mr. Coffey will continue the business at the old stand.

We are real glad that our meat and bread does not depend on newspaper correspondence, for if it did we are of the opinion that our living would be slim. We have hailed everyone we met for news and the answer invariably came "No, not a word." It is no easy matter to get up a creditable letter each week from a little "burg" like this and if those who have never tried it think otherwise, it would be well for them to make an effort and be convinced. It is not at all astonishing that so many correspondents get into the habit of lying when so much has to be manufactured to fill up.

CRAB ORCHARD.

Prof. Nat B. Sewell and George Conder are attending the State convention of the Y. M. C. A. at Frankfort.

The infant of James Jones died Monday and was buried Tuesday. Miss Maggie Cufon is very ill of pneumonia.

Little Martha White, daughter of H. S. White, fell from the porch at her home and broke one of her arms in two places.

Rev. L. M. Omer closed a protracted meeting at the Christian church Friday evening. There were five conversions. Bro. Omer and wife made a host of friends while here.

Mr. and Mrs. G. D. McCollum, Mr. and Mrs. Andrews and Miss Katherine Wells, of Junction City, attended the burial of Mr. Perry King. Mrs. Hannah L. Steger was a guest at the St. Asaph Hotel, Stanford, Friday and Saturday.

A Young Men's Christian Association was organized in the Christian church Sunday evening with Prof. Sewell, of the Graded School, president; Dr. Will J. Edmiston vice president; Milton Conder, treasurer; Dr. George Lyne secretary. The latter is the corresponding member of the State committee.

Leave your orders for all the leading magazines and papers with Miss Hettie Harris. Out of town and R. F. D. route subscriptions solicited for the Louisville Evening Post, with Kentucky Governor's Wall Chart one year for \$3. Now is the time to order the Delineator for Spring styles, the leading fashion magazine, for \$1 a year.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Penny's Drug Store. Price only 50c.

District Attorney Jerome is continuing his cross-examination of Evelyn Nesbit Thaw. One of the features of the examination Wednesday was Mrs. Thaw's inability to remember a number of things about which Mr. Jerome questioned her. The district attorney is delving deeply into the past of the witness and it is considered probable that the cross-examination will continue for several days.

The fashion editor of the Somerset Journal says: The "jumper" waist is meeting with a good deal of approval. Taking as it does, very little material and needing no great skill in the cutting, it is a garment that can be easily added to the wardrobe of the woman of moderate means.

The Senate has confirmed the nomination of Eugene D. Sanders, of Louisiana, to be United States District Judge for the Eastern district of Louisiana.

The killing of Brannon was by unidentified persons standing in the shadow of the jail.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Penny's Drug Store.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package. Penny's Drug Store.

The sad news of the death of William Beck, which occurred at the home of his parents, near Marcellus, Garrard county, was received here with much regret. Young Beck was a student in the Centre College preparatory until Christmas, when he was forced to quit on account of his health. He was a bright young fellow and admired by his fellow students. He was 14 years old and the son of Mr. and Mrs. Preston Beck. His death was the result of abscess on the lung.—Advocate.

HON. HARVEY HELM, of Stanford, Congressman-elect from the Eighth District, was in town Saturday, shaking hands with his friends and incidentally looking after some important legal business. Owing to a spell of sickness, Mr. Helm did not go to Washington last week with Pres. Kimball of the Seventh and Ben Johnson of the Fifth Districts, who are now in the Capital taking in the sights, and getting on to the ropes. He will not go up until the first of next month, when he will be officially sworn in with the other new members of March 4. Naturally he is quite gratified at the recent raise of salary of \$2,500 to which he will fall heir. We have not heard any complaints made by Congressman on that score yet.—Richmond Register.

Neighbors Got Fooled.

ONE of the largest establishments in the United States, if not in the world, is the Baldwin Locomotive Works at Philadelphia. It has just completed its thirty thousandth locomotive. Of this number 28,000 were built after 1870, 2,000 having been completed in the 37 years of previous operation. Those fond of making studies of material advancement can find in these figures much incentive to knowledge. From the employment of only 1,200 men a generation ago, the Baldwin army is now 19,200. When one engine a day was turned out the point of marvel was supposed to have been attained, but now the diurnal capacity is nine locomotives. The improvements in engines since the establishment began has been fully as rapid as its expansion, and the end is yet by no means in sight.

THE Standard Oil Trust has declared a dividend of \$15 a share, payable on March 1. Of the total of \$144,750,000 to be paid out under it John D. Rockefeller will receive \$5,900,000. Taking last year's dividends as a basis, by the close of this year the Standard Oil Co. will have disbursed since its organization dividends reaching nearly \$400,000,000, or four times the outstanding capital stock. John D. Rockefeller is generally understood to own two-fifths, or about \$40,000,000 par value, of Standard Oil stock, which would make his share of dividends by that time \$160,000,000. It will be seen, therefore, that it is easier for him to give \$32,000,000 to education than for most of us to give the proverbial 30 cents.

THE frequency of mistrials, growing out of sickness of jurors, causes the New York World to suggest such amendment of the jury law as would permit the selection in cases like the Thaw trial, likely to be long continued, of two supplementary jurors, who would be sworn like the 12, and like them could listen to the testimony. In case of need one of them could be substituted for one of the original jurors, and the trial go on without prejudice to either the prosecution or defense.

A CONNECTICUT solon has introduced a bill to chloroform bachelors at 40. Good. We trust the bill will become a law and that Kentucky will emulate Connecticut's example. A man at 40 without a wife and prospects for none is hardly worth killing with the cheapest kind of drug.

T. J. ANDERSON, a bank official, while attending a session of city council of Parkersburg, W. Va., was robbed of his pocketbook containing \$300 in cash, a diamond ring and some very valuable papers. Pretty tough on the city fathers.

ENGLAND is pretty lavish with her ambassadors. She pays James Bryce \$50,000 a year and throws in \$10,000 for extras. Our ambassador to England pays out five times as much as he gets. But then there's the honor of the thing.

POLITICAL.

The Naval Appropriation Bill, carrying \$100,727,807, was passed by the Senate.

The proposed Ship Subsidy Bill is believed to have no chance at the present session of Congress.

The Democratic Committee of the Eighth senatorial district has called a primary for April 6 to select a successor to the late George W. Hickman.

The Ohio delegation in the next Congress will have 10 members under 40 years of age, and one of them, J. Eugene Harding, of Middletown, is but 29.

The officials of the Census Office are much concerned over the indisposition of Congress to provide as liberally for the needs of that department as was requested.

"As well look to a bald-headed barber for an effective hair restorer as to the Republican party for any revision of the tariff," declared Representative Williams in a letter to Governor Guild, of Massachusetts.

The Treasury surplus for the first seven months and a half for the present fiscal year amounts to \$37,000,000 and is steadily increasing.

The Indiana legislators took a few additional slaps at Gov. Hanly, amending some of his pet measures, seemingly merely because they wanted to thwart his plans.

By a vote of 42 to 28 the Senate voted down the resolution to unseat Senator Smoot, of Utah. Senator McCreary voted to unseat Root and Senator Blackburn voted in his favor.

The Post-office Appropriation Bill has passed the House. All the salaries of the postal employees that were ruled out on points of order Tuesday were restored by the Committee on Rules and adopted by the House.

Advices from Oklahoma are to the effect that owing to the thin prospects of getting their expenses paid by Congress, the delegates to the Constitutional Convention are going home, and it is hard to keep a quorum.

The bill fixing high license for saloons in Indiana narrowly escaped being killed in the House, the margin being only one vote. The final fate of the bill depends on the way in which absentees cast their votes when the bill is put on its passage.

A candidate for the Democratic leadership of the House in the 68th Congress has appeared in the person of Representative De Armond, of Missouri, who has signified his intention of contesting with Mr. Williams, of Mississippi, for the honor.

After a conference lasting one month the conferees of the House and Senate on the Legislative, Judicial and Executive Bill have finally agreed on a measure carrying \$82,921,000. This is \$1,450,000 more than the bill carried when passed by the House.

Here and There.

Prof. Harry Pratt Judson, who has been acting head of the University of Chicago since the death of Dr. Harper, has been elected president of the institution.

The \$25,000 damage suit of P. D. McBride against Samuel E. Welch, the Berea merchant, was called at Richmond and passed to the May term on account of the illness of Judge A. R. Burnam, counsel for the defendant.

Justice Fitzgerald, who is presiding at the Thaw trial, has received a threatening letter sent from St. Louis. It accuses the Judge of siding with Jerome against Thaw. The writer threatened to kill Justice Fitzgerald and District Attorney Jerome if Thaw is convicted.

A Frankfort dispatch says: Gov. Beckham, Percy Haly, Assistant Adj. General Mervin Parrent and Guy H. Briggs left for Henderson to attend the trial of one of the Noel Gaines damage cases brought in that county, in which damage for alleged libel is sought to be recovered from Haly.

Facts similar to those brought out in the Harry Thaw case are involved in the case of James A. Shipp against the Commonwealth, decided by the Court of Appeals. The court holds that where a wife confesses to her husband criminal relations with a man and the man is killed by the husband proof of the wife's chastity is not competent.

CHURCH MATTERS.

There will be preaching at the Baptist church Sunday morning.

The Bible contains 3,566,480 letters, 773,746 words, 31,173 verses, 1,189 chapters and 66 books. The word "and" occurs 46,277 times. The word "Lord" occurs 1,855 times. The word "reverend" occurs but once, which is in the ninth verse of the 11th Psalm. The middle verse is the eighth verse of the 118th Psalm. The 21st verse of the seventh chapter of Ezra contains all the letters of the alphabet except the letter J. The longest verse is the ninth verse of the eighth chapter of Esther. The shortest verse is the 35th verse of the 11th chapter of St. John. There are no words or names of more than six syllables.

WORDS are inadequate to express the feelings I have for the good people of this community, who so nobly, generously and thoughtfully came to my relief, materially and spiritually, during the long-continued and fatal illness of my son. I shall never forget as long as memory lasts. To ask for any thing was never necessary—every wish was anticipated, favors innumerable were bestowed; in fact all was done for our succor and relief that was possible on the part of friends, and to them I wish to express my gratitude. Sue Woner.

In a sermon on morality, entitled "Woman's Rights," Dr. John Henry Cudlippe, pastor of the First Methodist church at Wichita, Kas., declared that all the evidence in the Thaw trial should be printed. "I want to see every line of the Thaw evidence printed," said Dr. Cudlippe, "and I want to read it. I think the public should read it."

THE star route between Stanford and McKinney will be discontinued Saturday, greatly to the regret of the patrons along the line. The government authorities have been petitioned and plead with to continue this important route but for seemingly pure cussedness they have determined to cut it off. It will take mail from two days to a week or more to go from Stanford to McKinney and Turnersville after Saturday.

THE aged father of Messrs. J. W. and J. D. Eads arrived from Wayne county this week to make his home in Lincoln. He is Mr. S. D. Eads and his age is 89. He was accompanied by his son, Mr. T. P. Eads, who will also cast his lot with the people of this county.

THE Plouffe-Shepherd Co. gave a very delightful moving picture and "home scene" show at Walton's Opera House Wednesday evening. The house was well filled notwithstanding the Knights of Pythias entertainment and banquet. The moving pictures were the very latest and best, while the views in and around Stanford were especially good. The interior of nearly every business enterprise in the town was photographed and our people were seen pursuing their daily vocations. The pictures of the court-house, the court-house officials and of the Graded School and the several hundred pupils were exceedingly fine. The illustrated songs by Mr. Plouffe were a pleasing feature of the evening's program. See this clever entertainment at Hustonville next Wednesday night, 27th.

LOOK.—Hughes & Swinebroad, the real estate and investment men, at Lancaster, Ky., want you to look at the farms and other property they have for sale. Every one knows the fertility of Garrard county soil. Hemp, tobacco, and other crops in abundance. For investments they can show you 10 per cent. and more. If you want to sell your farm, coal or timber lands, or other property write them about it. Buy now while you can get the pick and the interest on amount paid down will be taken care of until possession is given.

WALTON'S OPERA HOUSE changed hands Wednesday, the editor of this paper buying the interest of his brother, Mr. W. P. Walton. The purchase price is private but the terms are so easy that our delinquent subscribers will be given the opportunity of helping us pay for it. The "hall," as it is called here, has not been a paying investment and we fear that it will never be but that is neither here nor there. We propose to run it the best we can, promising the patrons the very best shows obtainable and good order at all times. It is more than likely that a skating rink will be inaugurated in the next week or so. As soon as is practicable we propose to make some decided improvements, such as new scenery, interior decorations, etc., etc.

WEDNESDAY was Knights of Pythias day in Stanford. The 43rd anniversary of that great and good order was fittingly celebrated by an open session of Diadem Lodge No. 81 at their Castle Hall, which proved an occasion most delightful in every detail. Mr. Clarence E. Tate was chosen chairman and after a brief talk by him the Knights of Pythias quartette, composed of Profs. O. B. Fallis and J. W. Ireland and Messrs. J. C. McClary and T. D. Raney, was introduced. They sang the K. of P. Battle Call. Mr. H. A. Shubert, of Versailles, entertained the audience with a timely talk on the good of the order and the quartette beautifully rendered "Somewhere." Hon. W. J. Price, of Danville, was the next speaker. His talk was well worded and most entertaining. "The Soldier's Farewell" was then sung, after which an enjoyable social session was held. After this the crowd of 100 or more adjourned to Mrs. W. S. Jones' restaurant, where a toothsome spread of three courses was enjoyed. The first course consisted of turkey, dressing, salads, olives, pickles, celery, reception flakes; the second of cream, sherbet and cake and the last of coffee, etc. The dining room was beautifully decorated with bunting, flowers and the like and Knights of Pythias colors were everywhere. The evening was a memorable one and will redound to the good of the rapidly growing order.
